USDA ANNOUNCES FEDERAL FUNDING

(Combined Community Action, Inc. to receive \$126,140 Housing Preservation Grant)

Giddings, Texas, August 29, 2002--Bryan Daniel, Texas State Director, USDA Rural Development today announced that Combined Community Action, Inc. was awarded a \$126,140 Housing Preservation Grant (HPG). Rural Housing Service, an agency that falls under the USDA Rural Development mission area, administers programs designed to strengthen the economy and infrastructure of rural areas. Through its support of the sustainable development of communities, USDA Rural Development works to improve the quality of life in rural America.

“USDA Rural Development is very pleased to be able to provide housing rehabilitation funding for rural Texans,” said Daniel. “It is our goal to ensure rural residents are afforded an opportunity to live in decent housing that meets basic health and safety standards and provides the benefits of energy efficient features.”

USDA funds will be used to assist with essential home repairs in Austin, Bastrop, Colorado, Fayette, and Lee Counties. Assistance will be offered to 20 eligible elderly households.

The purpose of the HPG program is to promote sustainable economic development in rural communities by making grants to sponsoring organizations for the repair or rehabilitation of low and very-low income housing. Grants are competitive and are made available in areas where there is a concentration of need.
